EXP.NO:2	Zoho Creator Setup and Platform Exploration

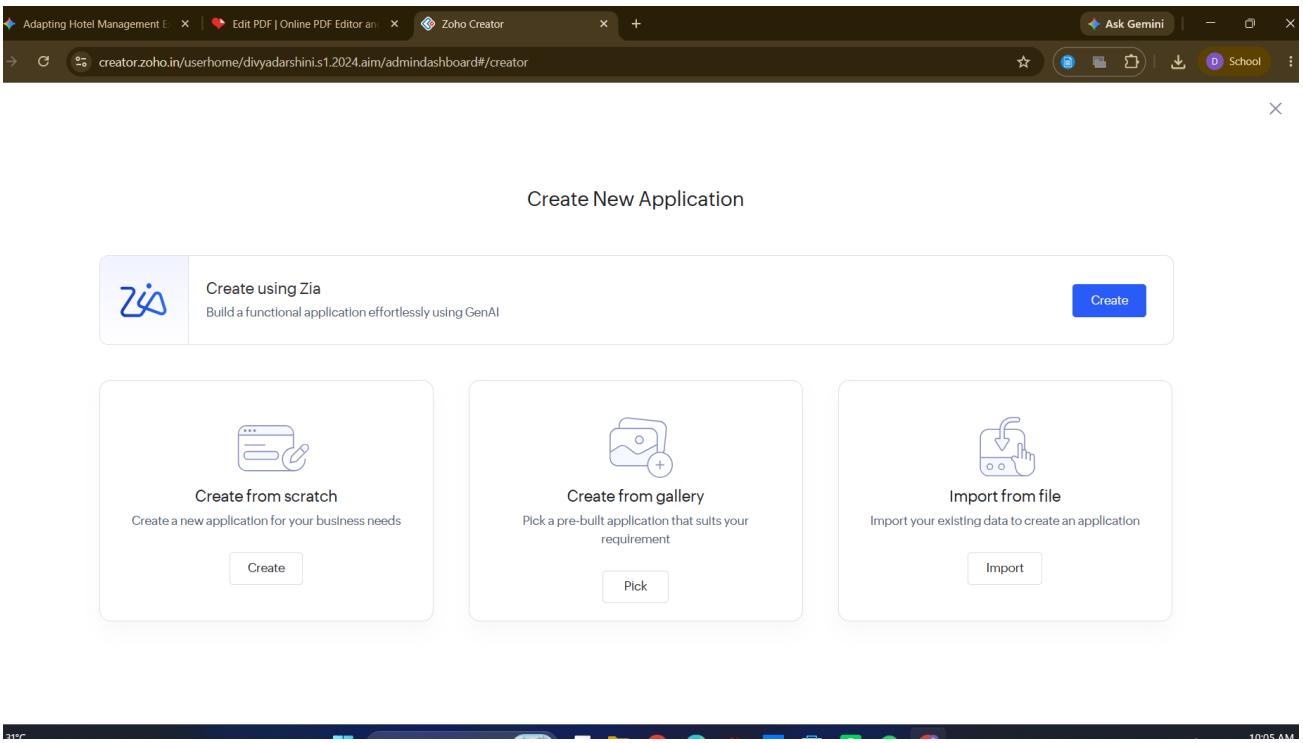

Aim:

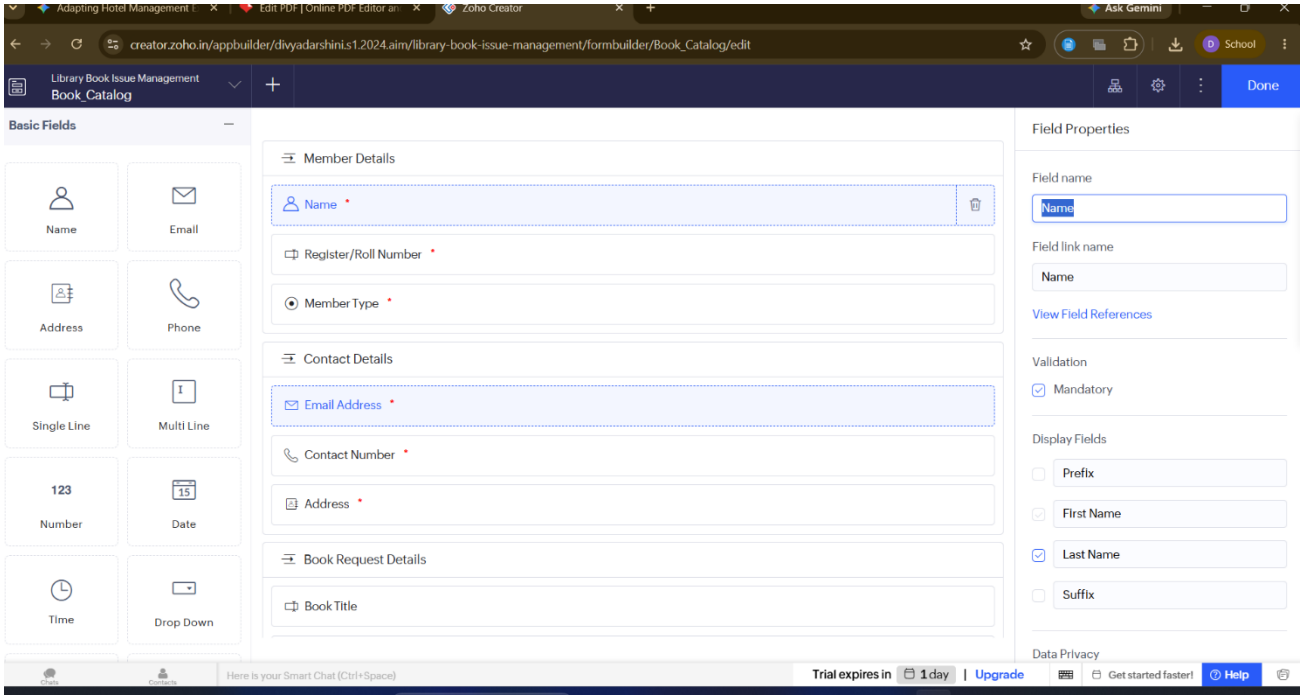

To create a Zoho Creator account, explore its interface, and understand the basic features required to develop a **Library Book Issue System.**

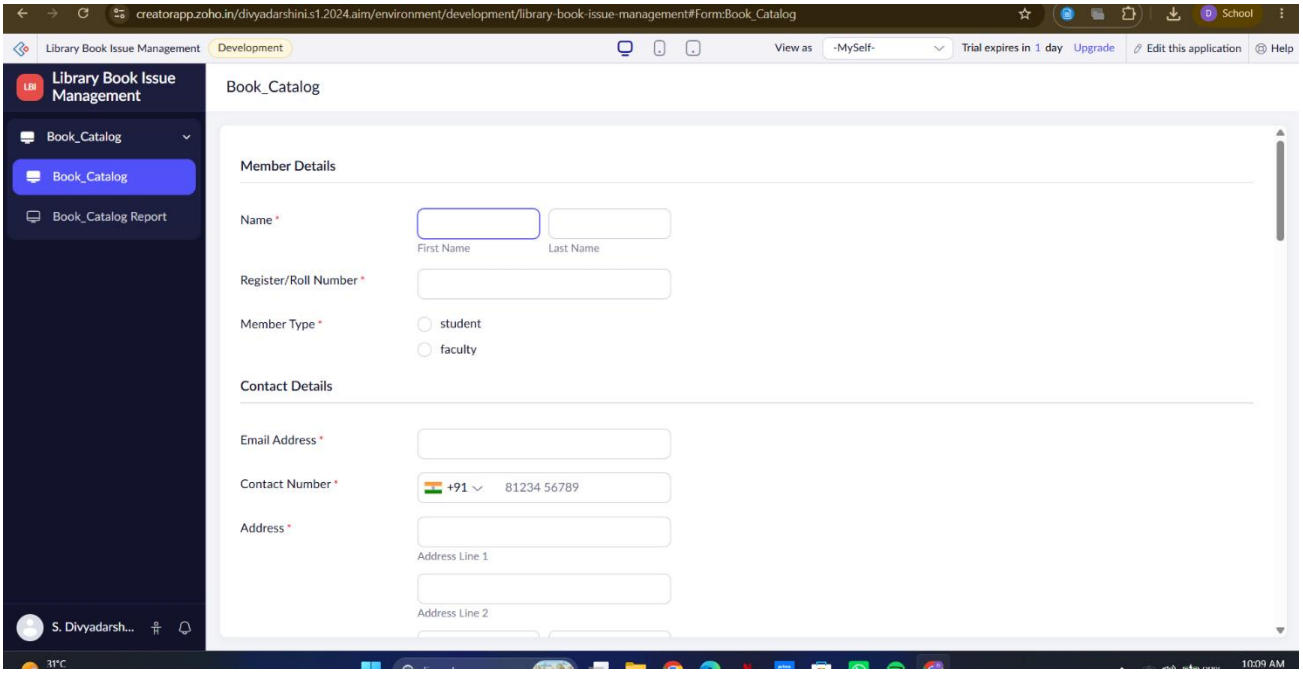

Procedure

1. Opened the Zoho Creator website and signed in.
2. Created a new **Blank Application**.
3. Named the application **Library Book Issue**.
4. Opened the application dashboard.
5. Created a new form named **Book Catalog**.
6. Added fields such as **Name, Email, Address, Phone Number, Date, and Book category**.
7. Explored the Dashboard, Forms, Reports, Pages, Workflows, and Settings sections.
8. Saved the application and verified that the form was created successfully
9.

Observation

- Zoho Creator account was created successfully.
- A **Library Book Issue** application was created.
- The **Book Catalog** form was designed using drag-and-drop fields.
- The platform interface and basic development tools were explored.

Conclusion

The experiment helped in understanding the Zoho Creator interface and creating a basic **Library Book Issue** application. The platform made it easy to build forms using drag-and-drop components with minimal coding.
